## Belleville's Exceptional Men

### who want to provide a special COMPUTER AREA in the new Belleville Public Library

Friends:

The planning for a new Belleville Public Library and Community Center has tremendous momentum. The Library Board is discussing two possible sites. The Village Board has committed \$2,000,000 to the project. The current library building can be used for a new police station. Campaign planning has gone very well with many community leaders agreeing to volunteer. And more than 100 Belleville women have committed to fund the Young Adult / Teen Area in the new library.

Belleville's men have been challenged to raise funds for the new Computer Area, and we are certainly up to the task. The Library has made it fast and easy. We are asking Belleville's men to each pledge \$1,000 over 5 years (\$200 per year or \$16.67 per month). We offer Electronic Funds transfer so that the funds will be automatically deducted from your checking account each month. All of the details are included on the Frequently Asked Questions page.

The Library Board has researched the cost of local libraries in communities of Belleville's size; they average approximately \$3,000,000. Your gift will continue the capital campaign's momentum to our goal of \$1,000,000. These funds will be used to give us a Library and Community Center that will serve us well now and long into the future. The contributions from our community's men are especially important because they are providing essential technology.

Thank you. We look forward to having you join us to leave a legacy for generations of community residents.

Roger Hillebrand  
President, Board of Trustees
