New Library Construction

- Dirt has been moved and concrete is being poured for the footings and walls. Soon you will be able to clearly see the size and shape of our new building. Here are [photos](#) from National Construction. We held a quick and socially distanced photo shoot on April 14 to officially [break ground](#).
- Library staff are working with FEH Design to select furniture.
- We plan to move into the new building in February 2021. What a great Valentine's Day present for all the Belleville Library Lovers who supported this project!

Please take care and know that we look forward to the time when we can serve you in person again. In the meantime, library staff is available to take phone calls at 608-424-1812 on Monday, Wednesday, or Friday from 9am to noon or your emails at blvcirc@blvpl.org. I can be reached at blehmann@blvpl.org.
