Tips for finding local materials in LINKcat.info:

If you plan on placing a hold you will want to login to your account with your 14 digit library card (without spaces) and your PIN. Your PIN most likely is your MMDD of your birth.

- 1. From the search results page, go to **Available on shelf** on the left side of the screen. (On the iPhone, there may be a grey box to click instead). Click your library's name to display titles that are currently available at that library.
- 2. If necessary, click **more** at the bottom of the list. In the pop-up box, select **A-Z** in the **Sort by** box to sort alphabetically or scroll down until you find Belleville.

Directions may be different using the Linkcat App.

<u>Suspend your holds</u> if you don't need them right away. This will prevent you from getting more holds than you want all at one time once delivery from other libraries resume.
