01/ GOALS FOR SUCCESS

- Provide adequate space for quiet reading, current, and changing collections.
- Provide adequate and appropriate meeting space for programming for all age groups.
- The library should maximize parking for all functions and be well lit.
- The library should be a community center serving all residents of all ages.
- The library will be a destination in the community.
- The library will improve the quality of life for everyone in Belleville & enhance sense of community.
- The library will incorporate flexibility to accommodate change.
- The library will anchor the downtown district.
- The library will maximize day-lighting, views toward greenspaces, and be visible from the street.
- The library will be safe and secure.
- Provide the best technology that we can afford to meet programming and services needs.
- Support personal tech device use.
- The library will be warm, welcoming, family friendly, and comfortable environment.
- The building will be designed to minimize operating costs through efficient equipment, efficient departmental layout, and utilize durable materials.
- The facility will utilize sustainable building initiatives where feasible, with a focus on indoor air quality.
- The library will provide adequate space for adult, young adult, and children's needs for the next 20 years.
